functions includes a wealth of advice through professional profiles supplementary material for instructors includes powerpoints and an instructor s manual with sample syllabus course related cswe accreditation suggestions classroom activities and a test bank for each chapter

who has not seen a picture of the great pyramid of egypt massive in size but deceptively simple in shape and not wondered how that shape was determined starting in the late eighteenth century eleven main theories were proposed to explain the shape of the great pyramid even though some of these theories are well known there has never been a detailed examination of their origins and dissemination twenty years of research using original and difficult to obtain source material has allowed roger herz fischler to piece together the intriguing story of these theories archaeological evidence and ancient egyptian mathematical texts are discussed in order to place the theories in their proper historical context the theories themselves are examined not as abstract mathematical discourses but as writings by individual authors both well known and obscure who were influenced by the intellectual and social climate of their time among results discussed are the close links of some of the pyramid theories with other theories such as the theory of evolution as well as the relationship between the pyramid theories and the struggle against the introduction of the metric system of special note is the chapter examining how some theories spread whereas others were rejected this book has been written to be accessible to a wide audience yet four appendixes detailed endnotes and an exhaustive bibliography provide specialists with the references expected in a scholarly work

specifically designed for the introductory course this text provides an overview of the field of instructional supervision acquaints students with not only the authors views on supervision but with those of other specialists in the field placing heavy emphasis on practice and the supervisor s responsibilities as an instructional leader continues to stress that the relationship between the supervisor and teacher is built on trust and that the overall goal is to improve student achievement through better instruction

ideal for accelerated maternity and pediatrics courses maternal child nursing 4th edition is filled with user friendly features to help you quickly master essential concepts and skills it offers completely updated content that s easy to read and understand plus active learning tools give you the chance to practice applying your knowledge and make learning fun critical thinking exercises allow you to apply your knowledge to realistic clinical situations nursing care plans assist you with applying the nursing process to plan individualized care for the most common maternity and pediatric conditions critical to remember boxes summarize and highlight essential need to know information communication cues provide practical tips for effective verbal and nonverbal communication with patients and families clinical reference sections in pediatric chapters present information relevant to each body system including anatomy and physiology differences in the pediatric patient and related laboratory and diagnostic tests integrated electronic features match icons in the text so you can use print and electronic resources more effectively together using research to improve practice boxes help you determine proper care to reinforce best practice spanish translations are included for phrases commonly encountered with maternity and pediatric patients improved design makes the text easier to read and up to date photos ensure accuracy

this is a reproduction of the original artefact generally these books are created from careful scans of the original this allows us to preserve the book accurately and present it in the way the author intended since the original versions are generally quite old there may occasionally be certain imperfections within these reproductions we re happy to make these classics available again for future generations to enjoy
