in this book erik luna and marianne wade examine the considerable powers of the american prosecutor and look abroad in order to learn valuable lessons from a transnational examination of prosecutorial authority they explore parallels and distinctions in the processes available to and decisions made by prosecutors in the united states and europe through the varied topics covered by the contributors on both sides of the atlantic they demonstrate how the enhanced role of the prosecutor represents a crossroads for criminal justice with

weighty legal and socio economic consequences

the changes in the machinery of government announced in june 2007 led to this assessment of the place of the department for international development dfid in trade policy structures and how this area could be best managed across government the inquiry also followed up on the report conflict and development peacebuilding and post conflict reconstruction hc 923 i 2005 06 and the responsibility of the former department of trade and industry in relation to the regulation of activities of uk companies operating in developing countries although the reaction to the changes in the machinery of government are broadly positive there are reservations about complexity unclear lines of accountability and new layers of bureaucracy the increase in the number of dfid ministers is welcomed but there are concerns that the brief of the trade policy minister might be too wide

outlining the different types of financial crime and their impact this book is a user friendly up to date guide to the regulatory processes systems and legislation which exist in the uk each chapter has a similar structure and covers individual financial crimes including money laundering terrorist financing fraud insider dealing market abuse bribery and corruption and finally tax avoidance and evasion offences are summarized and their extent is evaluated using national and international documents detailed assessments of financial institutions and regulatory bodies are made and the achievements of these institutions are analysed sentencing and policy options for different financial crimes are included and suggestions are made as to how criminal proceeds might be recovered this second edition has been fully updated and includes a section on cybercrime and a new chapter on tax evasion case summaries have also been included in those chapters where a criminal justice route is used by the prosecuting authorities

this comparative analysis examines the scope of prosecutorial powers at different phases of criminal investigation in four countries the united states italy poland and germany since in all four the number of criminal cases decided without trial is constantly increasing criminal investigation has become central in the criminal process the work asks who should be in charge of this stage of the process prosecutors have gained tremendous powers to influence the outcome of the criminal cases including powers once reserved for judges in a system in which the role of the trial is diminishing and the significance of criminal investigation is growing this book questions whether the prosecutor s powers at the early stage of the process should be enhanced using a problem oriented approach the book provides a parallel analysis of each country along five possible spheres of prosecutorial engagement commencing criminal investigation conducting criminal investigation undertaking initial charging decisions imposing coercive measures and discontinuing criminal investigation using the competing adversarial inquisitorial models as a framework the focus is on the prosecutor as a crucial figure in the criminal process and investigation the
