social psychology has a profound influence on our everyday lives from our shopping habits to our interactions at a party it seeks to answer questions that we often think and talk about questions such as what circumstances prompt people to help or not to help what factors influence the ups and downs of our close

relationships why do some people behave differently when on their own compared to in a group what leads individuals sometimes to hurt and other times to help one another why are we attracted to certain types of people how do some persuade others to do what they want this new edition of social psychology has been revised to introduce a more flexible structure for teaching and studying it includes up to date international research with an emphasis throughout on its critical evaluation applied examples across the chapters help to highlight the relevance and hence the impact that the theories and methods of this fascinating subject have upon the social world key features include research close up following a brand new style this feature matches the layout used in research papers providing an accessible introduction to journal articles and the research methods used by social psychologists focus on fully revised these boxes look at opposing viewpoints controversial research or alternative approaches to the topics this offers a more critical outlook and prompts the questioning of the validity of published research recommended readings new to this edition recommended further readings of both classic and contemporary literature have been added to each chapter providing a springboard for further consideration of the topics connect psychology is mcgraw hill s digital learning and teaching environment students you get easy online access to homework tests and quizzes designed by your instructor you receive immediate feedback on how you re doing making it the perfect platform to test your knowledge lecturers connect gives you the power to create auto graded assignments tests and quizzes online the detailed visual reporting allows you to easily monitor your students progress in addition you can access key support materials for your teaching including a testbank seminar materials and lecture support visit connect mcgraw hill com for more details professor david n myers holds the sady and ludwig kahn chair in jewish history as of fall 2017 he serves as the director of the luskin center for history and policy he previously served as chair of the ucla history department 2010 2015 and as director of the ucla center for jewish studies 1996 2000 and 2004 2010 dr jackie abell is a reader in social psychology with the research centre for agroecology water and resilience based at coventry university uk her current areas of research interest include the application of social psychology to wildlife conservation and environmental issues to facilitate resilience and sustainable development place attachment and identity social cohesion and inclusion professor fabio sani holds a chair in social and health psychology at the university of dundee his general research interest concerns the mental and physical health implications of group processes social identity and sense of belonging he has been an associate editor of the european journal of social psychology

in a society that privileges whiteness racist ideas have become normalised throughout our educational institutions and curriculum we are not born racist or antiracist these result from the choices we make choosing this book means making a conscious choice to learn about how racism is embedded within the uk education system and deciding to fight against it choosing this book starts you on your antiracist journey as a teacher as a teacher you are in a position of power it is the school system which is the starting point for how children learn to view the world

and accept knowledge and you have the power to impact change to create a more inclusive and diverse society written by pran patel who has nearly 2 decades of teaching experience and is a tedx speaker campaigner and blogger this book is your call to action covering a range of important topics such as unconscious bias stereotyping assessment and discrimination and racialised trauma in childhood this book shows you how to identify and challenge the racist structures in which we are brought up how to acknowledge the impact and roles you play in upholding racism what actions can you take as an ally in your everyday life becoming antiracist is not a quick fix it is a lifelong education for you and the children you teach let s begin the journey today

this handbook for social psychologists has been updated to reflect changes in the field since its original publication new topics include emotions self and automaticity and it is structured to show the levels of analysis used by psychologists

applied psychology a global perspective is an exceptional book in many ways first it is a pioneering work in covering the global issues as compared to other books on the subject that are narrowly focussed on either the western or the non western issues second it covers many vital topics such as technology and religion that are not covered in the other available books on applied social psychology and last but not the least important the book deals with real applied issues involving interventions a problem in many non western publications that fail to distinguish between basic applicable applicability and applied issues of social psychology and mislabel many among them as applied i commend the authors for their diligence in presenting the facts collected from researches in many countries omar sayeed dean of research nitie mumbai in the past two decades several books have been written on applied social psychology the focus primarily being on research and its interpretation in the western countries with a clear distinction being made between basic research in social psychology and the applicable applicability and applied nature of the findings this latter issue has however not always been appreciated by many scholars in non western parts of the world as a result scholars of social psychology in non western regions of the world have frequently erred in their judgment of what constitutes the applied nature of social psychology secondly applied social psychology depends a great deal on intervention programs that not only invite work beyond the basic applicable and applicability aspects but also are costly to implement and time consuming due to both these reasons most of the books from the non western countries fall short of the true applied aspects of social psychology in this respect applied social psychology a global perspective is a pioneering book dealing with applied social psychology from both the western and the non western perspectives the book also points out the limits of non western social psychological findings claimed as applied though lacking the support of intervention programs at the same time the problems issues and challenges in intervening at the cross cultural level have been succinctly dealt with in writing this book the authors have gone beyond the topics found in traditional text books of applied social psychology for example applied social psychology of the environment health law education consumer behavior etc and have also

focused on two extremely important areas of our life that have otherwise remained neglected in most books on applied social psychology these are the realms of technology and religion another important addition is a chapter on aggression and non violence overall this book presents a wide range of topics that describe how social psychology can be applied to daily life and its problems it is expected that this book will not only serve as an ideal textbook for undergraduate and postgraduate students but will also prove informative and useful for researchers and professionals from various walks of life
