in 2004 russia experienced its most appalling act of terrorism in history the 53 hour seizure of school no 1 in beslan north ossetia approximately 1 200 children parents and teachers were taken hostage and over 330 were killed hundreds more seriously wounded and all severely traumatized in after violence debra javeline analyzes the aftermath of this large scale violence with evidence from almost all direct victims despite widespread predictions of retaliatory ethnic violence the massacre instead triggered unprecedented peaceful political activism after violence provides insights into this unexpected but favorable outcome

cultural politics in harry potter life death and the politics of fear is the first book length analysis of topics such as death fear and biopolitics in j k rowling s work from controversial and interdisciplinary perspectives this collection brings together recent theoretical and applied cultural studies and focuses on three key areas of inquiry 1 wizarding biopolitics and intersected discourses 2 anxiety death resilience and trauma and 3 the politics of fear and postmodern transformations as such this book provides a comprehensive overview of national and gender discourses as well as the transiting bodies in between in relation to the harry potter books series and related multimedia franchise situates the transformative power of death within the fandom transmedia and film depictions of the potterverse and critically deconstructs the processes of subjectivation and legitimation of death and fear examines the strategies and mechanisms through which cultural and political processes are managed as well as reminding us how fiction and reality intersect at junctions such as terrorism homonationalism materialism capitalism posthumanism and technology exploring precisely what is cultural about wizarding politics and what is political about culture this book is key reading for students of contemporary literature media and culture as well as anyone with an interest in the fictional universe and wizarding world of harry potter

while there are far more women in public office today than in previous eras women are still vastly underrepresented in this area relative to men conventional wisdom suggests that a key reason is because female candidates start out at a disadvantage with the public compared to male candidates and then face higher standards for their behavior and qualifications as they campaign he runs she runs is the first comprehensive study of these dynamics and demonstrates that the conventional wisdom is wrong with rich contextual background and a wealth of findings deborah jordan brooks examines whether various behaviors such as crying acting tough displays of anger or knowledge gaffes by male and female political candidates are regarded differently by the public refuting the idea of double standards in campaigns brooks s overall analysis indicates that female candidates do not get penalized disproportionately for various behaviors nor do they face any double bind regarding femininity and toughness brooks also reveals that before campaigning begins women do not start out at a disadvantage due to gender stereotypes in fact brooks shows that people only make gendered assumptions about candidates who are new to politics and those stereotypes benefit rather than hurt women candidates proving that it is no more challenging for female political candidates today to win over the public than it is for their male counterparts he runs she runs makes clear that we need to look beyond public attitudes to understand why more women are not in office

never before in the history of humanity have so many people lived to be so very old throughout our past a few individuals might have made it to old age but mass aging is a new concept for the human species
